TREATMENT MENU

FACIALS

optiphi φ

OPTIPHI DEEP CLEANSE

R450

For oily, breakout-prone skin, we utilize enzyme exfoliation to clear congested, blocked pores. The Clarify mousse probiotic mask rebalances the skin's microbiome and offers a refreshing, cool sensation.

OPTIPHI BALANCING FACIAL

R600

A gentle and soothing facial treatment suitable for all skin types. This relaxing experience promotes cellular activity and enhances circulation.

OPTIPHI DERMPLANING FACIAL

R800

Reveal a luminous complexion as gentle exfoliation sweeps away dullness and vellus hair. Our custom Optiphi Dermaplaning Facial supports your skin's microbiome, leaving you with a silky-smooth, radiant glow you'll love.

OPTIPHI INDULGENT FACIAL

R800

HYDRATE & REPAIR/ RADIANCE BOOST/FIRMING PEPTIDE

Indulge into this relaxing facial while we treat a multitude of skin concerns with the use of peptides, botanicals and carefully selected active ingredients. Tailored according to skin concerns.

PEELS

optiphi φ

OPTIPHI SKIN REJUVUNATION PEEL

R730

Experience effective skin rejuvenation without the common side effects of traditional peels. This innovative skin rejuvenation peel combines Glycolic Acid with hydrating ingredients, suitable for all skin types, including sensitive skin, and requires no downtime.

30/30 PEEL

R780

50/30 PEEL

R850

The formulation combines 30% /50% Glycolic Acid, 30% Ascorbic Acid, and Glycyrrhetic Acid to combat UV-induced aging, pigmentation, and enhance skin immunity. It boosts collagen production and offers protection, while the potent antioxidant provides calming effects, reducing skin sensitivity and redness.

LYPOHYDROXY ACID PEEL

R780

Experience modern exfoliation with this oil-based peel that targets surface oils for up to 4 days of gentle renewal. Lipoxyhydroxy Acid provides depth-controlled results without neutralizing, revealing smoother, refreshed skin.

OPTIPHI QUADRACTION RETINOL PEEL

R900

This treatment addresses various skin concerns using Retinol and bio retinols. It neutralizes free radicals, boosts elastin and collagen production for a plumping effect, and reduces fine lines, wrinkles, and enlarged pores. Retinol also exfoliates the skin, improving texture and tone. A take-home serum is included to aid inflammation and recovery for optimal results.

optiphi φ

MICRONEEDLING

OPTIPHI SRT MICRONEEDLING

Experience a groundbreaking treatment that helps tighten, lift, and rejuvenate your skin. This innovative microneedling device visibly improves the look of fine lines, wrinkles, stretch marks, and scars. Tiny punctures stimulate collagen production and enhance absorption of nourishing serums for optimal results.

TREATMENTS

DMK

Danné Montague-King®

DMK ENZYME TREATMENT

R950

Assists In Restoring the Natural Rhythm Of the Skin – ENZYME THERAPY embodies the DMK Concept, REMOVE, REBUILD, PROTECT, MAINTAIN which aims to mimic the functioning of the skin in every way. When the rhythm of the skin is restored, the problem skin condition returns to normal.

DMK A-LIFT TREATMENT

R13500

A LIFT' or Aesthetic Lift is the ultimate, non-invasive, 12 week treatment program that will restore your youthful appearance. Young or old, male or female; anyone will benefit from this powerful anti-ageing treatment

DMK INSTANT LIFT

R1450

(Enzyme #2 + #3 with Pro alpha #1 peel)

Experience an instant lift and firmer skin with this targeted treatment that strengthens facial and neck muscles without physical effort. Using a unique enzyme masque technique, it helps restore optimal skin function and visibly improves tone. Ideal as a preventative solution for those noticing early signs of aging. Regular sessions deliver even better results thanks to muscle memory.

DMK MUSCLE BANDING

R1650

Reveal a firmer, more radiant complexion with this advanced treatment featuring Enzyme #1, #2, and #3. Perfect before special occasions, the multi-phase DMK enzyme therapy lifts, tones, and revitalises skin. Enjoy improved circulation, nourishment, and a luminous, refreshed glow

DMK ALKALINE WASH & ENZYME

R1400

Reveal smoother, clearer skin with a transformative two-step approach. The DMK Alkaline Wash gently dissolves dead skin, helping to reduce acne, calm rosacea, fade pigmentation, and soften scarring. Next, DMK Enzyme Therapy boosts circulation and oxygen, flushing out toxins and nourishing your skin for a radiant, healthy glow.

DMK ALKALINE WASH

R750

This unique skin revision treatment dissolves unwanted fine, downy hair (peach fuzz) and exfoliates the skin at the same time. The process painlessly removes hair by raising the skin's pH, which softens and dissolves the hair's protein structure.

DMK PRO ALPHA PEEL

R650

Experience advanced skin renewal with this professional chemical peel treatment. Designed to support the natural rejuvenation process, it helps improve the appearance of your skin's texture and clarity. Ideal for those seeking a refreshed, revitalised complexion while feeling pampered and relaxed.

DMK RP PEEL

R3700

The DMK RP (Remodeling Procedure) is a resurfacing procedure that is done over a period of 10-14 days. It is designed as a 3 step treatment. Day 1 Application, Day 5 LIFT off treatment, Day 10 LIFT off treatment

The client agrees to use their regular DMK home prescriptives day and night. RP uses a combination of Alpha and Beta Hydroxy Acids and a Vitamin A solution. This combination together, results in a superior resurfacing procedure.
